† **NOTE:** ABH does not provide cylinders. When cylinders are used, the handles **MUST** be mounted in the down or horizontal positions on the cylinder side. Horizontal mounting required when thumb turn is used (or use "J" series).

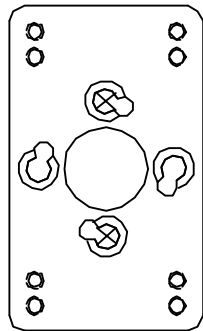

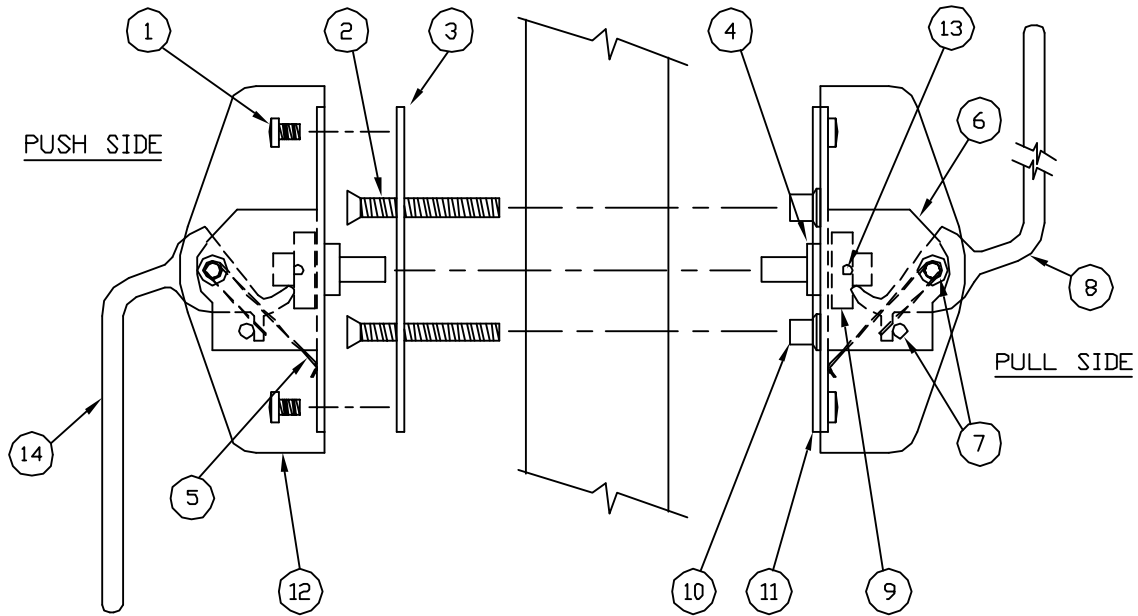

*When ordering **engraved** models, add the letter **P** after the numbers shown above. Designate hand and how handles are to be mounted (i.e, Push-up, Pull-down).

- Wide selection of functions.
- Handed—specify when ordering*.
- Push/pull trim can be mounted with the handles up, down or horizontal. When using cylinders, **ONLY** down or horizontal handles can be used. **SEE NOTE †.**
- Standard 2 3/4" backset latches.
- Includes all required fasteners.
- Compact non-handed covers provide maximum clearance between the handle and door for easy operation in any application.
- UL listed for all fire doors.
- Available in BHMA finishes.
- Lead lining is available.
- Meets ADA requirements.
- Standard for 1 3/4" thick doors
- 3/4" latch throw

6600 SERIES FUNCTION

Cat. No.	Function	Description	ANSI No. & Grade
6610		Passage/Closet Latchset Latch bolt by handles at all times.	F01-1 F01 -2
6632		Privacy Lock* Latch bolt operated by handles from either side except when outside handle is locked by inside T-turn. Operating inside handle, closing door or operating outside emergency release unlocks outside handle. Emergency tool furnished with lock.	F22-1 F22-2
6637		Store Door Lock Latch bolt by handles. Dead bolt by key from either side.	F14-1 F14-2
6638		Entry/Restroom Lock Deadlocking latch bolt by handles except when outside handle is locked by key inside, then by key outside.	F09-1 F09-2
6641		Asylum Lock Deadlocking latch bolt by key from either side. Both handles rigid.	F30
6645		Hotel/Motel Lock* Deadlocking latch bolt by inside handle or key outside. Outside handle rigid. Dead bolt by turn inside or emergency key outside. Projecting dead bolt displays occupancy indicator and shuts out all keys except emergency. Activating inside handle retracts both bolts.	F15-1 F15-2
6653		Entry/Office Lock* Latch bolt by handles except when outside handle is made inoperative by buttons in face. Dead bolt by key outside and turn inside. Activating inside handle retracts both bolts. Deadlocking latch.	F10-1 F10-2 F12-1 F12-2 F20-1 F20-2
6654		Entry/Office Lock* Latch bolt by handles. Dead bolt by key outside or handle inside.	F21 -1 F21 -2
6656		Classroom Lock Deadlocking latch bolt by handles. Outside handle locked by key outside. inside handle always free.	F05-1 F05-2
6657		Dormitory Lock* Latch bolt by handles except when outside handle is locked by projecting dead bolt. Key outside retracts dead bolt and unlocks outside handle. Activating inside handle retracts both bolts.	F13-1 F13-2
6658		Storeroom/Exit Lock Deadlocking latch bolt by inside handle or key outside. Outside handle rigid.	F07-1 F07-2

* For sides with thumb turn or emergency key, handles must be mounted horizontally or J Series must be used.
